

Gilbert Education Foundation

GUIDELINES FOR MINI-GRANT APPLICATIONS

Application Deadline: October 20, 2019

Mission Statement – The Gilbert Education Foundation is committed to educational excellence for every student in the Gilbert Community School District, both today and in the future. As a non-profit organization, 501(c)(3), the Foundation raises funds to bridge the gap between government funding and our public school.

One project the **Gilbert Education Foundation** provides annually is the Mini-Grant Program. Through the Mini-Grant Program teachers are able to apply for funds, up to \$500 to provide special projects, which support the efforts made in their classrooms. All teachers are encouraged to apply.

These guidelines will assist you in applying for a Gilbert Education Foundation Mini-Grant. The information that you provide on the attached application form will be the basis used by the committee members to determine the merits of the grant and ultimately the award decision. If you have any questions or need help please contact your building principal or Cherie Torresi, Development Consultant, at 708-5001 or email gef@gilbert.k12.ia.us

Please note that **the signature of your building principal or Director of Curriculum is required** on the second page of the application form. This signature ensures that the appropriate administrative personnel are aware of your submission of a grant application.

Applications will be reviewed on a competitive basis, and a limited number of grants will be made. The deadline for submission of applications is October 20, 2019. Mini-grants recipients will be announced the last week of October. Each project selected will be funded to begin at that time, and it is expected that grants must be expended prior to May 1, 2020. A committee of foundation trustees and district educators will review each application using the following criteria:

- Is the statement of the proposed project clear?
- Are the objectives clearly stated? Are they realistic and worthwhile?
- Are the procedures to be followed clearly described? Are the methods, needed materials, resource personnel, a tentative schedule, and completion date specified?
- Are the plans for evaluating the project suited to the nature of the project?
- Is the budget request reasonable and sufficiently detailed?
- Is the proposed project innovative? Is this a new project (as opposed to similar projects in progress)? Is this project value-added to student learning?
- Does the project have promise of benefiting students in the school in which it is being conducted or the system as a whole?
- Grants may be used to compensate experts (i.e. authors or artists) who come to work with students, but not to pay teachers or staff.
- Equipment purchased through mini-grants becomes the property of the Gilbert School District.
- Please list all teachers/staff involved in the project; however, identify only one contact person.

- Publicity on mini-grants is encouraged. Please acknowledge support from the Gilbert Education Foundation mini-grant program whenever possible.
- You can now download the application guidelines and form from the website- www.gilbert.k12.ia.us, go to Foundation and click on Mini-Grants.

Please submit completed application in a PDF format as an email attachment to gef@gilbert.k12.ia.us or deliver a hard copy to Cherie Torresi, Development Consultant, through the district office.

Based on the review of the committee, the Foundation will take one of two actions: (1) approve the application for partial or full funding, or (2) not approve the application. At the completion of the process, you will be notified about the committee's decision concerning your application.

The implementation of this program is made possible by grants from the Gilbert Education Foundation.

Thank you for your interest in applying for a Foundation Mini-Grant.
