

October 19, 2018

Congratulations, to the staff that were selected to receive a 2018-2019 Mini-Grant. The committee reviewed several wonderful submissions and is excited to be able to award a mini-grant to everyone that submitted a request, supporting enhancements supporting 35 staff members directly and countless students.

Below is how the grant process will take place:

- All grant recipients must submit a brief summary (a few sentences) describing the following by **January 15, 2019**:

\*How has the item you received through the mini-grant process effected your learning environment?

\*Based on your experiences would you recommend or not recommend this item for similar classes?

Thank you for your dedication and commitment to ***Every Student, Every Day!***

Congratulations!

From the Gilbert Education Foundation
